Who We Are

Founded in 2017, Infinity Glass & Aluminium Fabrication has been delivering innovative glass and aluminum solutions for nearly a decade. From Euro-style doors to customized partitions and profiles, we blend modern design with technical precision. Our expert team works closely with clients to turn ideas into reality — with lasting quality and clean aesthetics. Whether it's a residential upgrade or a commercial transformation, we're here to frame your vision with finesse.

GLASS & ALUMINIUM FABRICATION

What We Do

At Infinity Glass & Aluminium Fabrication, we offer a complete range of glass and aluminium solutions tailored to meet both aesthetic and functional needs — for homes, offices, and commercial projects.

Glass Solutions

- Euro Model Doors & Windows

Sleek, modern frames with European design standards.

- EDF System Fittings

Durable, precision-based glass fittings for residential & commercial use.

- Sliding | Folding | Fixed Panels

Space-saving and elegant glass structures, fully customizable.

- Shower Enclosures & Partitions

Frosted, clear, or tinted options — designed for modern interiors.

- Mirror & Etched Glass Work

Decorative and functional mirrors, frosted designs, branding etching.

Aluminium Fabrication

- Glass Curtain Wall Systems

Structural aluminium framing with large glass panels for seamless building exteriors. Designed for both aesthetics and high-performance weather resistance.

Glass Profiles (Local & Chinese)

- Glass Profiles Palla (Local & Chinese)

High-quality profiles for all types of doors, windows, and panels.

- Kitchen Cabinet Shutters & Palla Frames

Aluminium-framed glass shutters for kitchens, offices, wardrobes.

- Architectural Aluminium Works

Railings, gate panels, frames — built with precision & durability.

Custom Solutions

- On-site installation & fitting
- Consultation for new projects
- Renovation and retrofit expertise
- End-to-end glass + aluminium solution management

From design to delivery — we handle everything with craftsmanship and care.

BI-FOLD DOOR

**Seamless Style. Maximum Openness.
Effortless Performance.**

Bi-fold doors are the best suited option for larger openings. These windows provide maximum ventilation and light and also give you the advantage of an unobstructed view to the garden once opened. Bi-fold doors can be manufactured to open either internally or externally depending on your requirements. The high quality hinges and premium hardware ensures a smooth and effortless operation, which is built to last. Profile Width -71mm. Thickness 1.2 to 1.5mm. Single & Double Glazing option. Range of glass/panel thickness 5-20mm. Max Size 7 x 10 Ft.

BI-FOLD DOOR FEATURE

- Profile based on European designs which not only enhances the interior as well as exterior looks but also withstands high wind load conditions.
- Corner Joints & T-Joints for strong mechanical joineries. Gives more strength to joints in comparison with welded joints or screw base joints.
- Internal Glazing provides more security than any other system.
- Available with Multipoint Locks for more security.
- Smooth & Effortless in Operation.
- Available in certified Anodized Color, Powder Coating & Wood Grain Finish.

Careful Installation

- Every door and fitting is installed with care and precision by trained professionals.

Fast Turnaround

- We finish projects on time — without compromising on quality.

Authentic Materials Only

- We use verified, high-grade hardware and aluminium — no imitations.

After-Sales Support

- Post-installation support and service available on request

Flexible Pricing Options Available

- We understand that every project is unique. That's why we offer:
- Custom quotes based on project size and design complexity.
- Modular pricing for individual components (frames, panels, fittings).
- Package pricing for full Euro model systems including installation.
- Competitive rates without compromising on material quality or finish.

EDF Sliding Door/Window

- High-quality aluminum profile (EDF brand)
- Smooth sliding operation
- 5mm–10mm tempered or double-glazed glass
- Built-in mosquito net option available
- Durable powder-coated, anodized, or wooden finish
- Ideal for balconies, verandas, and partitions

**Strong, stylish, and modern —
gives your home a smart upgrade.**

3-Part Sliding (EDF System)

- 3-panel system – 2 sliding + 1 fixed (or all 3 sliding)
- Best for wide openings – living rooms, verandas, shop fronts
- Made with heavy-duty aluminum frame
- High-quality rollers for smooth movement
- Offers protection from noise and heat

**A perfect solution for those who want big,
beautiful glass doors.**

Mosquito Net Option

Sliding systems come with an optional mosquito net track. Keeps insects out while allowing fresh air in — practical, smooth, and easy to use.

GLASS PARTITION SYSTEM

Glass Partitions

Infinity Glass and Aluminium Fabrication offers sleek, custom glass partitions that divide space while preserving light and openness — ideal for homes, offices, and commercial spaces.

Features:

- **Frameless or Framed Options:** Choose between sleek frameless partitions or stylish aluminum/metal framed designs.
- **Tempered & Laminated Glass:** We use high-quality toughened safety glass for durability and protection.
- **Customization:** Available in clear, frosted, tinted, or patterned glass.
- **Sliding or Fixed Options:** Adaptable to your space — fixed panels, swing doors, or sliding partitions.

Applications:

- Office cabins & meeting rooms
- Home interiors & living area dividers
- Restaurants & showrooms
- Hospital & clinic separation walls
